

Terminals

Cando Rail & Terminals owns and operates strategically located terminals across Canada. Our nation-wide network of terminals, short line railroads, and trackage rights allow us to stage our customers' fleets and unit trains, provide increased rail capacity in key markets, move and transfer product quickly and cost effectively, and optimize rail supply chain routes. So your products get where you need them, when you need them.

| Cando is the largest private railcar storage provider in Canada.

Our Nation-Wide Network

Cando Kamloops Terminal	492 railcars
Cando Sturgeon Terminal	3,600 railcars
